

Summer 2014 Newsletter

Oklahoma has endured its first days of extreme heat by surpassing the century mark. We are accustomed to extreme weather, but it is definitely an adjustment for the first few weeks.

In addition to feeling the heat, OACRAO has been busy preparing for our most popular events. Final preparations are being made for the Front-Line Workshop scheduled for **June 19, 2014** at the OU Schusterman Center in Tulsa. The workshop provides great opportunities for professional development and fostering relationships among peers within our organization. The workshop will analyze top issues in Title IX and how they affect our offices. Secondly, the workshop will provide participants with strategies in dealing with difficult people during high stress situations.

OACRAO's annual fall conference will be held **October 1-3, 2014**, on the University of Central Oklahoma campus. The Executive Committee is currently reviewing session proposals in an effort to provide a generous offering to its membership. The conference theme is "*The POWER of our PROFESSION!*"

More information on these events and other items of interest in Oklahoma is available on our website at www.oacrao.org.
